LeadLogiX LLC

HOW IT WORKS

We start with your business, not a tactic.

One clear path from first conversation to a working foundation, with every next step based on evidence.

1 **Free discovery call** · 30 minutes
Where you are, where you want to go and what's in the way. If it isn't a strong fit, we'll say so.

THE CORE ENGAGEMENT

2 **Analyze & document**
A five-pillar review, documented in your Strategic Growth & Execution Blueprint.

3 **Align in a Strategy Session**
We walk through the findings, answer questions and agree on priorities.

4 **Build the foundation**
We set up the right lead source and, if needed, your Google Business Profile.

5 **45 days of funnel management**
We watch response, follow-up and how leads move, and change things only when the evidence says to. You finish with a written Funnel Performance Summary.

6 **You choose what's next** · optional
Take the plan forward yourself, or add The X or Continue, each scoped separately.

Honest by design

If an investment isn't necessary, we say so. If we aren't the right party to do the work, we say that too.

You stay in control

You own your accounts and pay lead-source and vendor costs directly. Nothing beyond Core starts without your OK.

Step 1 starts here

30 minutes · Free · No obligation

Scan to book

Scope is agreed per engagement. The 45 days begin when your lead source goes live. Results vary and are not guaranteed.
