LeadLogiX LLC

WHO WE HELP

Home service businesses that want growth they can measure.

For new and established owners who want to see how the pieces connect and know what to do next.

WHEREVER YOU'RE STARTING FROM

Launching

A new business or new market with no track record yet. We set the baseline and build from real results.

Established

Leads are coming in, but it's unclear which sources pay off or where jobs slip away.

Multi-team or location

More people handling leads. We help every location follow the same process.

SOUND FAMILIAR?

- [ ] You spend on leads without a clear return
- [ ] You have a revenue goal, not the math behind it
- [ ] Your team is stretched in peak season
- [ ] Follow-up depends on who picks up
- [ ] Vendors keep pitching tools you may not need
- [ ] You want an outside view before investing more

We also partner with lead generation platforms

Pro readiness review
Before a pro goes live

Performance concern review
When results raise questions

Ongoing oversight
During the pro relationship

Probably not a fit if you want a quick tactic without looking at the business, or guaranteed lead counts. We'll tell you on the first call.
